Dyersburg, TN

joshua.d.williams74647@gmail.com

EDUCATION

University of Tennessee at Martin; Martin, TN

B.S. in Engineering (Electrical)

Aug 2018

GPA: 3.69/4.0

Vanderbilt University Boot Camps

Full Stack Web Development

Oct 2023

Grade: 97

TECHNICAL SKILLS

Frontend Development

HTML5, CSS3, Bootstrap, JavaScript (ES6), React.js

Backend & App Development

Node.js, RESTful APIs, VB.NET, .NET Framework

Databases

DB2, SQL Server, MySQL

Automation

VBA (Excel Macros)

Tools

Git Version Control, GitHub, Bitbucket, Jira, Microsoft Excel, AutoCAD

EXPERIENCE

ERMCO; Dyersburg, TN

Software Design Engineer | May 2025 – Present

- Design, develop, and maintain internal applications using VB.NET and the .NET framework, applying object-oriented programming (OOP) principles and modular architecture.
- Perform code reviews, maintenance, debugging, troubleshooting, and testing to ensure application reliability, scalability, and data integrity.
- Engineer and refactor VBA-driven automation solutions in Microsoft Excel to streamline business processes, reduce manual effort, and improve operational efficiency.
- Develop, optimize, and maintain SQL Server queries, stored procedures, and data workflows supporting application functionality and large-scale data migration initiatives.
- Support legacy system modernization efforts, refactoring and enhancing existing applications and macros during enterprise-wide business system migration.

Associate Design Engineer | Jan 2020 – May 2025

- Supported transformer design and continuous improvement initiatives.
- Improved production methods and enhanced product performance.
- Managed business system operations for order configuration and revisions.
- Provided engineering support for customers and sales teams.

Jackson Energy Authority; Jackson, TN

Electrical Co-op | May 2018 – Aug 2019

- Created AutoCAD drawings and assisted system and project engineers.
- Produced electrical installation and removal drawings for commercial, industrial, and municipal projects.
